

### Organic Eprints – update for editors

For the DOI: only write the id itself in the field. Organic Eprints automatically adds <http://dx.doi.org/>, so that it becomes a link. If you write that in the field, it will not become a link.

DOI: **10.4081/ijas.2013.e64**

For AgroVoc keywords: if you choose a language, but do not write a keyword, an empty field will be shown on the eprint:

Agrovoc keywords:

Language	Value	URI
English	UNSPECIFIED	UNSPECIFIED
German - Deutsch	UNSPECIFIED	UNSPECIFIED
Spanish - Español	UNSPECIFIED	UNSPECIFIED

If you do not use the field, un-choose the language so there is no empty field.

Agrovoc keywords

Language

1. ...
2. ...
3. ...
4. ...
5. ...
